Introduction

This document determines the rules for the Texas High School Lacrosse League (THSLL) and is under strict control and ownership of the THSLL Board of Directors (the “Board”).

Overview

The Texas High School Lacrosse League (THSLL) is the governing body and membership association for boys’ lacrosse Member Teams at the high school level in Texas. The high school level is defined as grades nine through twelve. The Board is comprised of volunteers throughout the state.

THSLL Guiding Principles

1. Creating a structured environment in which student athletes, coaches, administrators, and parents benefit from an organization which facilitates the growth and rewards of playing lacrosse.
2. Promoting and protecting the health of participating student athletes by establishing uniform rules of play and cultivating the ideals of good sportsmanship, loyalty and fair play.
3. Working in harmony with the interscholastic governing bodies of Member School programs.
4. Establishing and maintaining a process for continuous improvement of the league, by working with Member School programs.
5. Building school based boy’s lacrosse teams in Texas.

THSLL Member Teams

Member Teams consist of Varsity and Junior Varsity. The league is divided into districts and divisions.

DI	DII	DIII
North	North	North
Central	Central	Central
South	South	South
	San Antonio	San Antonio

Division I is primarily Member Teams that have more established lacrosse programs and are required to play one Inter-District game each regular season with each of the other districts. Division II is targeted at development of Member Team lacrosse programs. Division II Member Teams generally have bylaws, procedures, a designated head coach and president, reasonable relations with their host school and/or city / community, and at least JV and Varsity high school teams. Division III Member Teams are generally new or relatively new lacrosse teams, still working towards critical mass of players, coaches, funding, fields, administrative support and school / city / community support.

The THSLL hosts state championships each year for Divisions I and II. The host venue for the state championships weekend is rotated from district to district every regular season according to a rotation schedule as outlined in Appendix N. Each district crowns its champion through its district playoffs or based on best record at the conclusion of regular season play.

The Division I district champions are determined by best record at the conclusion of regular season play, tiebreaker if necessary. There is a requirement for Inter-District games between the top 5 Division I teams from each district playing Inter-District games with each other based on their records at the end of the regular season according to the rotation schedule as outlined in Appendix N.

12 Division I teams play in an expanded Division I playoff. The 12 teams are determined by regular season records and/or by district playoffs. 12 DI teams play in the expanded DI playoffs. The top four teams get 1st round byes. The final four Division I teams are determined through two Super Regional Tournaments based on a Saturday & Sunday format.

The Division II district champions play in the Division II state championship final four. The Division I and Division II final four play single elimination tournaments during the state championship weekend and crown state champions.

Division I and Division II All-Star players are selected by the coaches, and awards are given for All State, All-District, and Honorable Mention.

Definition of Terms

Team - A group of lacrosse players within a THSLL Member Program who pay team dues and abide by the rules of THSLL. A team must be one of the types listed in the Team Types section.

8.0 Eligibility

Players enrolled in grades 9 through 12 are eligible to play on a Varsity team. Players enrolled in grades 9 through 11 are eligible to play on a Junior Varsity team. The team a student plays for will be determined in the following sequence:

- FIRST: School Attended: A student who attends a school with a THSLL Member School Program must play for that program. A student who attends a private school with no program can make a one-time choice to play for the "Closest" DII or DIII THSLL Member School Program to where he lives or to the private school he attends. "Closest" here will be defined as the nearest travel distance using MapQuest, selecting Shortest Distance under routing options, from the student's home or private school to the DII or DIII THSLL Member School Program (school address).
- SECOND: Attendance Zone: A student, who attends a school that does not have a THSLL Member School Program, or who is home-schooled, but who lives in the attendance zone of a school with a THSLL Member School Program, must play for that program.
- THIRD: School District: A student, who does not attend a school in, or does not live in, the attendance zone of a school with a THSLL Member School Program, but lives in an independent school district or attends a school in an independent school district with a THSLL Member School Program, must play for that program, if it is DII or DIII. If the independent school district has more than one THSLL Member School Program he must play for the "Closest" DII or DIII THSLL Member School Program. "Closest" here will be defined as the nearest travel distance using MapQuest, selecting Shortest Distance under routing options, from the student's home to the DII or DIII THSLL Member School Program (school address).
- FOURTH: Other: A student who lives in, or attends a school in, an independent school district that does not have any THSLL Member School Programs must play for the "Closest" DII or DIII THSLL Member School Program. "Closest" here will be defined as the nearest travel distance using MapQuest, selecting Shortest Distance under routing options, from the student's home to the DII or DIII THSLL Member School Program (school address).

When a Division II Member Team matriculates to Division I, any student enrolled in their programs during the prior THSLL regular season will be allowed to continue with the same Member School Program until they have exhausted their four year eligibility.

When a new THSLL Member Team is formed, in-coming freshmen and existing players that were playing for the DII / DIII Member School Program affected by the new Member Team formation are granted a one-time choice to remain with that Member Team or move to the new Member Team. Once a decision is made the player remains with their Member Team of choice for the remainder of their four year eligibility.

Any exceptions to these rules must be approved in writing by the THSLL Board of Directors. A Member School Program or player may appeal the decision of the Board of Directors to the Commissioner, by sending a written request for a determination to the Commissioner within thirty days after being notified of the District Coordinator's decision. Such request shall include all information sent with the original waiver request, and any additional information or statement that the Member School program or the player wishes the Commissioner to consider. The ruling of the Commissioner shall be final in all eligibility matters.

8.3 Time of Eligibility

The attendance of a student's first high school class determines the start of his THSLL eligibility, his THSLL primary Member School Program eligibility, and his THSLL primary family residence. Students (players) have a total of four (4) seasons of eligibility during high school. The District Coordinator and Commissioner will determine if a player is eligible.

8.4 Switching Program Enrollment

A transfer is a student who moves to another THSLL Member School Program after establishing Primary Eligibility (see Time of Eligibility). Players who switch enrollment between Member School programs while the regular season is underway, must notify their District Coordinator and must wait two (2) weeks after the change of enrollment before participating in Member Team events such as practice and/or games.

Players in the eighth grade, subject to the approval of the appropriate District Coordinator and Commissioner, may be a member of a THSLL JV or new Member Team for practice purposes only and are subject to all of the same rules determining the appropriate Member School Program for which to play as players enrolled in grades nine (9) through twelve (12).

8.6 Dual Division Programs

Member School programs with more than one Member Team may compete in both DI and DII Divisions during a single regular season provided that all rules governing Dual-Division Programs have been met. A newly formed team must apply for membership as required of all New Member Teams by the General League Rules.

- Prior to playing league games, or as otherwise required by the District Coordinator, the roster for each Member Team must be submitted to the District Coordinator. All players must be placed on one of the Division Member Teams. Once declared, players may not be moved down between Division Member Teams. The District Coordinator will make these rosters available to any Coach or designated Member Team Representative.
- Players from a Junior Varsity team may move to either a DI or a DII team within the Member School Program. Players from a DII Varsity team may move to a DI team within the Member School Program. However, if a player is on the active roster for a Member Team in a league game, he will thereafter be declared a member of that team and may not then be moved down to the other Division team.
- Personnel associated with the Member Teams are responsible for promptly notifying the District Coordinator of any additions/changes to the team rosters as they occur and prior to player activation on a team within the program
- Dual Division Programs must have (and maintain at all times) DI, DII and JV rosters with 21 unique individuals on each roster.

All Member Team (home team) coaches are to submit game reports including the official game score via the THSLL website within 48 hours of the end of the game.

10.0 Insurance

All Member Teams must carry comprehensive liability insurance. Member Teams will not be allowed to participate in THSLL activities without appropriate liability insurance. Each member Team must provide a Certificate of Insurance to their District Coordinator prior to participation in any THSLL activity.

11.0 Improper Behavior

Abusive, profane, or violent behavior or language by coaches, players, or fans at any league function may result in such team member, coach, player or fan being suspended or expelled. This includes behavior not in conformance with the Purposes of the Texas High School Lacrosse League as stipulated in the Bylaws. **Players who are ejected from a game due to unsportsmanlike conduct will serve a one game suspension. The game served will be the next scheduled game on the THSLL website at the time of the ejection. A player who plays on both JV and Varsity will serve the suspension in the next Varsity game he is eligible to play in. If the ejection occurs in the final game of the season, the player will serve the suspension in the first scheduled District game the following season.**

No alcoholic beverages or any intoxicating substances or intoxicated individuals are allowed at any league functions. Punishments shall be decided by the Board or its designee, and may include sanctions, penalties, suspensions or expulsions of individuals, teams or programs from the league or any combination of any of the foregoing.

15.2 Non THSLL-Member Play

During the regular season through and including the date(s) of the state championships, no THSLL Member Team shall play, including scrimmages, a non-THSLL team without the prior written consent of the THSLL Board. Violators of this rule may be subject to sanctions, to include, but not limited to, game forfeiture, ineligibility for playoffs and state championships, and coach and/or team probation or suspension.

16.0 Mandatory Games

In addition to the regular season district games, some Division I Member Teams are required to play at least one (1) Inter-District game with each District per season. Any given District will travel to one District and host the other District. Districts will rotate the travel every year. The team pairings will be decided at the fall or summer Board meeting. Seeding for Inter-District play will be based on ranking at the end of the regular season.

- 16.1 Games Played: At the beginning of every regular season, each district division (i.e. North DII) along with their District Coordinator; decides the number of and format for their required season games. These games must be designated as their appropriate district games types (ex DII District) at the time they are scheduled. These will be considered the "count" games towards the district standings. Each team is required to play the same number of District ("count") games.
- 16.2 Allowable Games: During the regular season Member Teams will schedule all games within Texas according to the game types described elsewhere in this document. They will be scheduled through the approved league scheduling process and in conjunction with agreements between the league and approved officials. Opponents may only be other THSLL Member Teams or out-of-state "guest" teams otherwise considered sanctioned by the league's representative through the approved scheduling process. All allowable games count in a Member School Program's overall record.

Scrimmages of all forms are not 'allowed games' and may not be reported as such to any entity. Any scrimmage played during the regular season will be considered a situational practice and does not result in a final score regardless of the presence of officials.

Each District awards All-State and All-District Honors within Divisions I and II. Each group includes thirteen (13) players, comprised of: three (3) attackmen, four (4) midfielders, one (1) face-off, one (1) longstick, three (3) defensemen, and one (1) goaltender. Such penalties may be assessed against a Member School program, Member Team, an individual player or both, and may include but shall not be limited to expulsion, suspension, probation and/or forfeiture of games, and may also include the performance of remedial actions such as letters of apology or attendance at training events in lieu of such action by the Commissioner. A Member School program, Member Team, or player, may appeal the penalty to the Board by written submission, to be considered by the Board at its next regular meeting or at any special meeting called for that purpose by the Commissioner. Upon any such appeal, the Board may modify or overturn the penalty or remedy instituted by the Commissioner by a majority vote of all Board members.

20.0 THSLL Recognized Tournaments

THSLL recognizes tournaments that meet certain minimum requirements. Only those tournaments recognized by THSLL will be listed on the league website. (See Appendix M)

Appendix A

2010 THSLL BOYS RULE WAIVERS (Most recently approved changes highlighted in Green)

The currently valid NCAA Lacrosse Rulebook will be used unless a specific modification is listed on this sheet. Parentheses indicate the section of the NCAA Rulebook, which pertains to the modification.

PLAYING FIELD (1-2) ~ Home teams will make all possible efforts to provide a field which meets NCAA specifications as outlined in the section entitled “The Field”, (Rule 1-2 through 1-15). Local conditions may require modifications by dimension but not elimination of required field markings. Prior to the start of any contest, the home team Site Administrator, who is not a team coach, shall be identified, in person, to the Officials as part of field preparations. The delayed start of a game due to the field not being ready for play, at the contracted starting time or failure of the home team Site Administrator to introduce himself/herself to the Officials, will subject the home team to a technical foul (6-6q) with the in-home serving 30 seconds and the ball awarded to the visitor to start the game. The team benches and table are to be on the opposite side of the field from the spectators. If the home team does not move the spectators or team benches to comply with this rule in a reasonable time (as determined by the officials), the home team receives a non-releasable 3 minute penalty at the start of the game.

GOALS & NETS (1-3 & 1-5) ~ The goals & nets at game sites shall be legal as they are. The NCAA rules as to the color, size and type of pipe shall not apply; however, the home team should make every effort to comply with the NCAA rules & specifications

LIMIT LINES, SPECTATOR & MEDIA RESTRICTIONS (1-14) ~ Limit lines are not required, however, spectators and media are not allowed behind the end lines or immediately behind the bench or table areas.

PERSONAL EQUIPMENT (1-21) ~ Gloves may vary in color. Baseball shoes (metal / hard plastic cleats) are not permitted.

LENGTH OF GAME (3-1) ~ The regulation playing time of a game shall be 48 minutes, divided into 4 periods of 12 minutes each. JV games are 4 periods of 10 minutes each.

CROSSE CONSTRUCTION (1-18, Note 2) ~ A hollow crosse handle may not be filled with any substance such as sand, bb's, etc...

CROSSE SPECIFICATION ~ New NCAA Crosse Specification Rules as noted in Rule One, Section 17, Note 2, page 17 of the 2009 and 2010 NCAA Lacrosse Rules and Interpretation Booklet will be enforced in 2010 for all Division I and Division II teams. THSLL will not enforce the new NCAA Crosse Specification Rule for Division III teams in 2010.

GAME BEHAVIOR PROBLEMS ~ If there is necessary stoppage of the game by officials for improper behavior on the field or in the stands, Officials will ask on-site administrator or head coach to control or eject offending fan from premises. If fan is not controlled or does not leave the premises, the game will be stopped and the offending team will lose the game. If player (s) is ejected, the player must leave the site of the game (stadium or field). The player may not remain on the sideline or sit in the stands. It is up to the head Coach to comply or his team will forfeit the game. The team of the ejected player is responsible for supervising that player when needed.

If an unsportsmanlike conduct foul occurs in the last game of the regular season, as defined in Appendix J, at the end of the game so that the player incurring the foul does not serve penalty time, the penalty will carry over to the team's next league game in the following regular season. If the player has graduated, the in-home shall serve the penalty.

If a player or coach receives 2 unsportsmanlike penalties in a game, the player or coach is automatically ejected from the current game and suspended from the next league game.

OFFSIDES ~ Any offside's violation will result in the ball being awarded to the offended team in their offensive half of the field. Thus Team A is clearing the ball and passes midfield, when A1 goes offside's. It may take the official a moment or two to conduct a count of Team A players and while doing so the ball advances up the field. Once offside's is confirmed, the whistle blows and the ball is brought back up to midfield and awarded to Team B on their offensive half of the field.

This will also apply when Team A has possession of the ball in their attack zone when one of their defenders crosses the midfield line (possibly to substitute) resulting in an offside's situation. The ball will be brought to midfield and awarded to Team B. The ball will be brought up whether or not Team A had possession. This conforms to NFHS rules.

Medical Emergency Plan

All THSLL Games:

1. The home team will develop and have available a medical emergency plan for each game.
2. The home team will provide immediate, on the spot first aid by an adequately trained individual (hereinafter referred to as "Trainer").
3. The medical emergency plan must include procedures for:
 - a. A telephone or other communication device to contact a doctor, ambulance or emergency clinic.
 - b. A designated emergency vehicle. If an ambulance is not available, another suitable vehicle should be available for quick utilization.
 - c. Notification of parents of injured player.
 - d. Proper arrangements at a hospital or clinic to insure complete care of the player.
4. The medical emergency plan will be the responsibility of the home team site administrator and may be requested by a game official at any time. The site administrator will brief the visiting team on any unusual specifics of the emergency plan prior to the beginning of each game.
5. The Trainer will be considered a neutral participant and will provide medical care to players on both teams.

7. Pre-game readiness (taping, etc) of players is the responsibility of each team's coach and support staff.
8. Visiting teams may waive assistance by home team trainer if they have their own adequately trained individual, but must notify the site administrator and home team Trainer that they do not want assistance. This notification will waive responsibility for emergency medical care by the Trainer provided by the home team, other than normal cooperation and assistance.
9. Lightning Policy: See the attached UIL Policy. The THSLL adopts this policy in full and places the responsibility of implementation upon the Site Administrator for the home team.

Tournaments:

Resource Materials:

When developing the Medical Emergency Plan, the THSLL strongly recommends that each team review the US Lacrosse website section titled "Sports Science & Safety", currently found at: <http://www.lacrosse.org/safety/index.phtml> OR http://thsll.org/repository/files/emergency_plan.pdf

Appendix F

THSLL Coaches Code of Conduct

Objective

All THSLL coaches are in a position in which they are able to leave lasting impressions on their players and it is in the best interest of the THSLL and all of our stakeholders that there be a uniform code of conduct that all of our coaches will be expected to uphold while they are involved with any THSLL related event.

The Role of a Coach

- Coaches are entrusted with a great responsibility every time a contest begins. Our professional and moral responsibility is to provide THSLL participants quality coaching and a sense of safety and fair play at every THSLL contest.
- Sensible, organized competition under proper control provides benefits for THSLL participants. Anything other than that only dramatizes coaches and distracts from the focus and purpose of high school athletics.
- All THSLL coaches must keep in mind at all times that they are representing themselves their teams and their Association/School. A coach's words and actions come under close scrutiny from students, parents, faculty and the community, and will reflect positively or negatively on the Member School program.

Structure

There are two documents that outline the expectations of lacrosse coaches. These include:

- 1) NCAA rulebook 2008 or as further modified by the NCAA;
- 2) THSLL Rules.

NCAA Rulebook

Rule 2-4/Game Personnel/Coaches

One of a team's coaches shall be designated the head coach. The head coach shall be responsible for making all decisions for that team not delegated specifically to the team's game captain. Additionally it shall be the head coach's responsibility to see that players and substitutes are equipped properly to play.

The head coach shall act in a courteous manner and also shall endeavor in every way to achieve the same from players and substitutes. The head coach also shall be in control of and responsible for all actions of all non-playing members of his squad, and any and all persons officially connected with his institution.

Coaches shall assist the officials in keeping the game under control. It shall be their duty, upon the request of an official, to control effectively actions of spectators not in conformity with standards of proper conduct.

Only the head coach will communicate with the officials. Officials shall address questions from head coaches during half time. A representative from each team may be present while these questions are discussed. Officials should never entertain any questions until a representative of the other team is given the opportunity to be present.

THSLL Rules:

Please refer to section 11.0 Improper Behavior

THSLL Coaching Expectations

- Coaches are expected to win or lose with dignity and humility.
- Coaches must refrain from the use of profanity and insist their players do likewise.
- Coaches must be positive role models in terms of sportsmanship and fair play and set a positive example regarding the use of drugs, tobacco and alcohol.
- Coaches must be fair and unprejudiced with players, considering their individual differences, needs, interests, temperaments and aptitudes.
- Coaches are expected to maintain self-control at all times, accepting adverse decisions calmly and treat the officials professionally.
- Coaches are responsible for the conduct and care of the team from the beginning to the end of the game or away trip. This includes the job of making sure that bench areas and dressing rooms are left in good condition.

Appendix F continued

Reportable & Punishable Events

- Any discourteous behavior, use of obscene gesture, or profanity directed towards officials.
- Any discourteous behavior, use of obscene gesture, or profanity directed at the opposing team, coach, or spectators.
- Any coach who is ejected from a contest.
- A coach who receives one or more behavior related unsportsmanlike conduct penalties during one game.
- Coaches are responsible not only for their own actions, but ultimately those of their players. Game officials are expected to inform coaches of their players' actions and the coach must take corrective action. If there are repeated incidences over the course of a game or a series of games, the coach is subject to punishment for not taking corrective action.
- Other types of reportable incidents include, but are not limited to: verbal abuse or other unsportsmanlike behavior by coaches, team/school administrators or fans, fans that are removed from facilities for abuse of officials, fights between teams that result in the termination of the contest and physical contact of officials by coaches, team/school administrators or fans.
- Reportable incidents do not only occur during the contest, but possibly before or after.

Reporting Procedures

Every THSLL unsportsmanlike conduct penalty, incident, or ejection report shall be in writing and sent to the District Coordinator by the local SWLOA Assignor/Head Official after the particular game. The District Coordinator will forward the report to the appropriate members of the THSLL Board of Directors or its designee, and the respective offending program President/Athletic Director.

To report the incident, give brief but concise information. Date, time, place and people involved must be included. Events leading up to the incident as well as the actual incident and any follow-up are also essential. This report should be detailed enough to give someone who wasn't present a clear picture of the incident.

League Actions

Unsportsmanlike conduct penalties:

1. Receives 1 in one game: will be reported to the Coordinator and be subject to a potential reprimand from THSLL after a report is made to the THSLL Board of Directors or its designee.
2. Receives 2 in one game: The coach and Association President/Athletic Director will meet with the Coordinator. The Coordinator will discuss the circumstances with the game officials. The Coach may miss the next scheduled THSLL game (this is defined as a game that was on the THSLL schedule at the time the incident occurred and cannot be subsequently scheduled afterwards).
3. A coach who is ejected from a game may be suspended pending an expedient review by the district coordinator. The coach may file an appeal with the THSLL Board of Directors.

For lack of control of his team, a coach will first receive a reprimand. Upon a second notification, a coach may receive a game suspension. Lack of control can include, but is not limited to, a fight(s), a bench-clearing brawl, or repeated occurrences of excessive penalties. The explanation of such events by the following will be considered by the THSLL Board of Directors or its designee:

1. The game officials;
2. The coach; and
3. His Association President/Athletic Director.

The above in no way limits the ability of the THSLL Board of Directors to act in what it perceives to be the best interests of the league and under any other provisions of these rules.

Other Responsibilities

NCAA Rulebook Rule 2-5/Game Personnel/Home Coach's Responsibility

It shall be the responsibility of the home coach to see that the playing field is in proper condition for play; that a time-keeper and scorer are on hand with all equipment required by these rules to carry out their respective functions; that balls and ball retrievers (or balls on the end line) are provided; and that the assigning authority has received timely, accurate and adequate information so that officials will be on hand for the game.

When a contest is played at a neutral site, one team must be designated as the home team. This shall be done in writing, before the day of the game. The designated team and its coach assume all the responsibilities of the home team as outlined in the rules.

Appendix I

Tiebreaker policy for play-offs

The Tie Breaker is as follows:

Should Member Teams have identical regular season records, the selection shall be based on the following comparison. When a Member Team is eliminated start over with #1. Continue to apply rules until all Member Teams are seeded:

- 1) Head to head; for example, Team A and Team B both have a 5 win, 1 loss record. Team A lost to a lower placed team, but defeated Team B. Team A would 'win' the head-to-head comparison.
- 2) Three way tie; the selection will also be based on a head-to-head comparison. If all of the teams have one win over the other teams in the tie (Team A has defeated Team B, Team B has defeated Team C, and Team C has defeated Team A) then the selection shall be based on the difference in scores between those three games. The winner will receive a plus for each goal above the goals by the other team, and the loser will receive a minus for each goal below the goals for the other team.
EX: If Team A defeated Team B by the score of 8 to 5, Team A would receive a plus 3 and Team B would receive a minus 3. The difference in goals for the remaining two games (B Vs C and C Vs A) would be likewise calculated, and the team with the largest plus value would be selected.
- 3) If (2) breaks the three way tie, but two teams remained tied based on goal differential, then go to head to head;
- 4) Should (2) not break the three way tie, then use Goals Allowed by each team in the 3 games played between them.
- 5) Should (4) not break the three way tie, then use the UIL coin flip. All 3 head coaches meet, bringing their own coin. They flip and odd side out loses. Then break the remaining two with head to head.

THSLL Recognized Tournament Rules

THSLL Member School Programs have more choices than ever regarding lacrosse tournaments. Putting on a lacrosse tournament can be a large fundraiser for many organizations. THSLL encourages Member School Programs to attend lacrosse tournaments. They provide a fun avenue for Member School Programs to compete against other Member School Programs that they might not ever meet in the regular season. Most lacrosse tournaments use a running clock and a Member School program can play 3 or even 4 quick games in a single weekend. THSLL will “recognize” a tournament that abides by the following rules and meets certain minimum requirements.

Benefits of Hosting Member School (e.g. Clear Lake, combined Plano schools) or Organization (e.g. A&M)

1. The tournament will be marketed by THSLL: it will be placed on the THSLL.org website as a THSLL “recognized” tournament and THSLL will email particulars of the tournament to all Member School programs.
2. Participating Member School programs will know that the THSLL “recognized” tournament meets certain minimum standards. (Example, if a Member School program is considering participating in two tournaments during the same weekend, we hope the Member School program will give careful consideration to whether one or both are THSLL “recognized”).
