Introduction

This document determines the rules for the Texas High School Lacrosse League (THSLL) and is under strict control of the THSLL Board of Directors (the “Board”) and ownership of the Texas Scholastic Lacrosse Association, Inc. (TSLA). The Board is comprised of volunteers throughout the State of Texas.

Overview

The Texas High School Lacrosse League (THSLL) (the “League”) is the governing body and membership association for boys’ lacrosse (THSLL Member School Programs) at the high school level in Texas. The high school level is defined as grades nine through twelve.

THSLL Guiding Principles

- Creating a structured environment in which student athletes, coaches, administrators, and parents benefit from membership in an organization that facilitates the growth and rewards of playing lacrosse.
- Promoting and protecting the health of participating student athletes by establishing uniform rules of play and cultivating the ideals of good sportsmanship, loyalty, and fair play.
- Working in harmony with the interscholastic governing bodies of THSLL Member School Programs, and other concerned Texas constituencies.
- Establishing and maintaining a process for continuous improvement of the League, by working with THSLL Member School Programs, and other concerned Texas constituencies.
- Building school based boy’s lacrosse Teams in Texas (all players on a Team attend the same source high school, and ideally lacrosse is recognized as a school sport by the athletic director, and if a public high school recognized as a school sport by the independent school district.)

THSLL Member Teams

Member Teams consist of Varsity and Junior Varsity Teams. The League is divided into Districts and Divisions.

DI	DII	DIII
North	North	North
Central	Central	Central
South	South	South
	San Antonio	San Antonio

Division I is made up of Member School Programs that are more established lacrosse programs. DI teams have bylaws, procedures, a designated head coach and president, reasonable relations with their host school and/or city / community, and JV and Varsity high school Teams which play a full back to back JV and Varsity schedule. Division II is targeted at development of lacrosse programs. Division II Member School Programs generally have bylaws, procedures, a designated head coach and president, reasonable relations with their host school and/or city / community, and play a Varsity Schedule. Division III is a new team-working towards critical mass of players, coaches, funding, fields, administrative support and school / city / community support. DIII Teams have a maximum of 2 years to transition to DI or DII.

General League Rules

1.0 Member Teams

The THSLL shall be comprised of Member School Programs made up of one or more Member Teams. Member School Programs shall include those organizations paying annual League dues to THSLL. All such Member School Programs, in good standing (having paid League dues for the current THSLL season), will be entitled to vote at any Member School Program meeting.

2.0 New Member Teams

New Member Team applications shall be made through the Commissioner, and shall be voted on at the Annual Meeting, a special meeting, or at a Board meeting. The application shall consist of a letter to the Commissioner that details the new Member Team's startup plan and intentions. Only Member Schools Programs in the Division or District for which the THSLL Board nomination is being submitted will vote to approve or deny membership to the THSLL Board nominee. New Member Teams will be designated as DIII Teams for 8.0 Eligibility purposes unless the District/Division agrees to allow them to be designated as a DII Team. New Member Teams starting out with only a JV Team will still be designated as a DIII JV Team or DII JV Team for eligibility purposes. New Member Teams must be prepared to be in compliance with THSLL rules immediately upon being voted into the THSLL.

3.0 Divisions and Districts

3.1 Divisions

The League shall be divided into Divisions governed by all General Rules outlined herein. Each District, with Board approval, will determine which Member Teams participate in a Division.

Each Member School Program gets a single vote on each voting matter.

The presence of 67% of the active, annual fee paying Member School Programs, in person or by proxy, will constitute a quorum at all meetings of the Member School Programs related to League structure and directly related rules, except as otherwise specifically provided by these rules. Each Member School Program gets a single vote on each voting matter.

5.5 Proxy Representation at Meetings

A Member School Program may designate another Member School Program to vote on their behalf at any meeting. Proxy authorizations must be submitted in writing to the State Administrator prior to the start of any meeting. The proxy authorization must be signed by an authorized representative of the Member School Program.

7.0 Dues & Information

Each Member Team must submit annual dues payments to the Treasurer. Failure to pay dues as per the Timetable (See Appendix J) will result in penalties as described in the Penalty Matrix (See Appendix J). The dues amount shall be established at the Annual Meeting of the Member School Programs.

Required Information: Member Teams are required to provide final valid Team rosters, an emergency plan, proof of insurance, Team contacts, THSLL season schedules, approved eligibility waivers, and coaches U.S. Lacrosse member numbers in accordance with the Timetable in Appendix J. Penalties will be assessed for non-compliance (See Appendix J).

8.0 Eligibility

Students enrolled in grades 9 through 12 are eligible to play on a THSLL Member School Program Varsity Team. Students enrolled in grades 9 through 11 are eligible to play on a THSLL Member School Program Junior Varsity Team.

THSLL eligibility rules support the THSLL Member School Program driven philosophy of school-based lacrosse. The Team a student plays for is determined based on THSLL priority order – school, attendance zone, independent school district, and then closest independent school district/Team, and in the following sequence:

FIRST: A student who attends a public or private school with a THSLL Member School Program must play for that Program.

A student enrolled in a home school or correspondence school is defined as a private school student for THSLL eligibility purposes, per 8.2, Home School.

A student who attends a private school with no THSLL Member School Program and lives in an attendance zone of a DI THSLL Member School Program can make a one-time decision to play for that DI Program, if the DI Program allows it. If the DI Program does not allow it then the student can make a one-time decision to play for the “Closest” DII or DIII THSLL Member School Program to where he lives or to the private school he attends, within that independent school district. Once he makes the one-time decision he must play for that Program for the remainder of his high school eligibility. “Closest” here will be defined as the nearest travel distance using MapQuest, selecting Shortest Distance under routing options, from the student’s home or private school to the DII or DIII THSLL Member School Program (school address), in that independent school district.

A student who attends a private school with no THSLL Member School Program and does not live in an attendance zone of a DI THSLL Member School Program can make a one-time decision to play for the “Closest” DII or DIII THSLL Member School Program to where he lives or to the private school he attends, within that independent school district. Once he makes the one-time decision he must play for that Program for the remainder of his high school eligibility. “Closest” here will be defined as the nearest travel distance using MapQuest, selecting Shortest Distance under routing options, from the student’s home or private school to the DII or DIII THSLL Member School Program (school address), in that independent school district.

SECOND: A student who does not attend a school in and does not live in the attendance zone of a school with a THSLL Member School Program, but lives in an independent school district or attends a school in an independent school district with a THSLL Member School Program, must play for that Program, if it is a DII or DIII THSLL Member School Program. If the independent school district has more than one THSLL Member School Program the student must play for the “Closest” DII or DIII THSLL Member School Program to where he lives or to the school he attends, within that independent school district. Once he makes the one-time decision he must play for that Program for the remainder of his high school eligibility.

THIRD: A student-who lives in or attends a school in an independent school district that does not have any THSLL Member School Programs must play for the “Closest” DII or DIII THSLL Member School Program to where he lives or to the school he attends. “Closest” here will be defined as the nearest travel distance using MapQuest, selecting Shortest Distance under routing options, from the student’s home or school he attends to the DII or DIII THSLL Member School Program (school address). Once he makes the one-time decision he must play for that Program for the remainder of his high school eligibility.

8.1 Matriculation

If a Division II Member Team matriculates to Division I, any player on their Member School Programs’ valid, approved roster from the prior THSLL season will be allowed to continue with the same Member School Program until they have exhausted their four-year high school eligibility. Incoming freshmen to the Division II Member Team are also allowed to continue with the same Member School Program for their four-year high school eligibility.

If the newly matriculated Division I Member Team does not allow it, the student must play for the “Closest” DII/DIII Member School Program to the school he attends or to where he lives, within that independent school district. If there is not a DII/DIII Member School Program in that independent school district, then the student plays for the “Closest” DII/DIII Member School Program to the school he attends or to where he lives. “Closest” here will be defined as the nearest travel distance using MapQuest, selecting Shortest Distance under routing options, from the student’s home or school he attends to the DII or DIII THSLL Member School Program (school address). Once that decision is made, the student remains with their Member Team of choice for the remainder of their four-year high school eligibility.

8.2 New Team Formation

When a new THSLL Member Team is formed, incoming freshmen, and existing players that were on the valid, approved roster for the DII or DIII Member School Program affected by the new Member Team formation are granted a one-time decision to remain with that Member Team or move to the new Member Team at the time of Program formation. Once that decision is made, the student remains with their Member Team of choice for the remainder of their four-year high school eligibility.

8.3 ISD Action

In the event of independent school district action (reorganization and/or changes to attendance zones/boundaries), and that action affects one or more existing THSLL Member School Programs from an eligibility perspective, the THSLL Member School Program will be protected (current valid, approved roster, incoming freshmen, and current eighth graders), inclusive of and considering Board approved waivers. If during this two THSLL season protection period, additional independent school district action affects one or more of the previously affected THSLL Member School Programs from an eligibility perspective, the Board will consider those circumstances as separate events.

8.4 District Eligibility Committee

The District Coordinators for a District may appoint an eligibility committee to make recommendations to the District Coordinators regarding eligibility questions.

8.5 Home School

A student enrolled in a home school or correspondence school is defined as a private school student for THSLL eligibility purposes, and must provide written notification of their academic status to the THSLL Board of Directors through their District Coordinator. The notification must include dates of enrollment, home address used for determining public school attendance zone, a copy of the THSLL Member School Program roster, and the signature of the parent or legal guardian. If the student was previously on a THSLL Member School Program roster, the notification should include the name of the THSLL Member School Program and dates the student played for the THSLL Member School Program.

8.6 Time of Eligibility

The attendance of a student's first high school class determines the start of his THSLL eligibility, his THSLL Primary Member School Program Eligibility, and his THSLL primary family residence. Students (players) have a total of four (4) seasons of THSLL eligibility during high school. The District Coordinator and Commissioner will determine if a player is eligible. A student's Primary Member School Program Eligibility is determined by the THSLL eligibility rules that were in effect at the time of their initial THSLL eligibility determination.

8.7 Switching Program Enrollment

A transfer is a student who moves to another THSLL Member School Program after establishing Primary Eligibility (see Time of Eligibility). Players who switch enrollment between Member School Programs while the THSLL season is underway, must notify their District Coordinator in writing and must wait two (2) weeks after the change of enrollment notification before participating in THSLL sanctioned events and League games.

8.7.1 JV Transfers: A transfer student is eligible for THSLL JV sanctioned events and League games, JV games, and non-THSLL season League games when he complies with all other rule provisions.

8.7.2 Varsity Transfers: A Transfer student is eligible for THSLL Varsity events when the student's family moves their primary residence to a new school district and he complies with all other rule provisions.

8.7.3 Non-Compliance: A Transfer that does not comply with all eligibility provisions will be deemed ineligible to play in THSLL sanctioned events and League games. A Transfer that does not comply with other provisions required for switching Member School Program enrollment will be ineligible for one calendar year of THSLL Varsity events.

8.7.4 Hardship waivers regarding Varsity transferring enrollment will be considered for financial hardship, divorce and inability to handle private school curriculum.

8.7.5 Cuts: A Cut player is a student in "good standing" that has been released from a Division I Member Team. A Cut player will be allowed to play for the Closest Division II or Division III Member School Program to where he lives or to the school he attends, within that independent school district, provided that the player is accepted by the Member School Program

8.7.6 Head Coach's Son Transfer: The son of a THSLL Member School Program Head Coach may make a one-time decision to play for the THSLL Member School Program his father coaches versus the THSLL Member School Program he is required to play for based on the THSLL 8.0 Eligibility Rule. Once that decision is made, the student athlete must play for that THSLL Member School Program for the remainder of his high school eligibility

8.8 Eighth Grade Players

Players enrolled in the eighth grade are not eligible to play in THSLL sanctioned events and League games. Players in the eighth grade, subject to the approval of the appropriate District Coordinator and Commissioner, may be a member of a THSLL JV Team or new Member Team for practice purposes only and are subject to all of the same rules determining the appropriate Member School Program for which to play as players enrolled in grades nine (9) through twelve (12).

8.9 Dual Division Programs

Member School Programs with more than one Member Team may compete in both DI and DII Divisions during a single THSLL season provided that all rules governing Dual-Division Programs have been met. A newly formed Team must apply for membership as required of all new Member Teams by the General League Rules.

- Prior to playing League games or as otherwise required by the District Coordinator, the roster for each Member Team must be submitted to the District Coordinator. All players must be placed on one of the Division Member Teams. Once declared, players may not be moved down between Division Member Teams. The District Coordinator will make these rosters available to any Coach or designated Member Team Representative.
- Players from a Junior Varsity Team may move to either a DI or a DII Team within the Member School Program. Players from a DII Varsity Team may move to a DI Team within the Member School Program. However, if a player is on the active roster for a Member Team in a League game, he will thereafter be declared a member of that Team and may not then be moved down to the other Division Team.

- Personnel associated with the Member Teams are responsible for promptly notifying the District Coordinator of any additions/changes to the Team rosters as they occur and prior to player activation on a Team within the Program.
- Dual Division Programs must have (and maintain at all times) DI, DII and JV rosters with 21 unique individuals on each roster.

Any exceptions to these eligibility rules must be approved in writing by the Board. A Member School Program or player may appeal the decision of the Board to the Commissioner, by sending a written request for a determination to the Commissioner within thirty days after being notified of the Board's decision through the District Coordinator. Such request shall include all information sent with the original waiver request, and any additional information or statement that the Member School Program or player wishes the Commissioner to consider. The ruling of the Commissioner shall be final on all such eligibility matters.

The current valid NCAA Lacrosse Rulebook will be used unless a specific modification is listed on this sheet. Parentheses indicate the section of the NCAA Rulebook, which pertains to the modification.

PLAYING FIELD (1-2) ~ Home Teams will make all possible efforts to provide a field which meets NCAA specifications as outlined in the section entitled “The Field”, (Rule 1-2 through 1-15). Local conditions may require field size modifications.

Required field markings shall be the responsibility of the home team and every possible effort should be made to mark the field accordingly. Acceptable markings can be in the form of but not limited to paint, chalk, washable paint/chalk, tape, or any other removable material (ex: portable crease). It is the responsibility of the home team to check with the field property owner on acceptable markings and guidelines.

No penalty shall be assessed for a home team unable to mark a turf playing field, as long as there are existing football markings, due to school or city guidelines. Evidence of the hardship should be sent to the THSLL Board of Directors to be recorded.

Additionally, it is the responsibility of the home team to notify the visiting team of any known field issues (for example, lack of lines or using football sidelines for the width or using tape) within three days of the scheduled game date. Both coaches must agree on the field before the game can be played.

If the visiting coach does not agree on the modified playing surface, it is the responsibility of both the home and away coaches to come to a compromise, reschedule, or swap home/away status with the home team being responsible for official and venue expenses. Failure to do so should be reported in the game report to the local coordinator for escalation.

Prior to the start of any contest, the home Team Site Administrator, shall be identified, in person, to the Officials as part of field preparations.

The delayed start of a game due to the field not being ready for play, at the contracted starting time or failure of the home Team Site Administrator to introduce himself/herself to the Officials, will subject the home Team to a technical foul (6-6q) with the in-home serving 30 seconds and the ball awarded to the visitor to start the game.

The Team benches and table are to be on the opposite side of the field from the spectators. If the home Team does not move the spectators or team benches to comply with this rule in a reasonable time (as determined by the officials), the home Team receives a non-releasable 3 minute penalty at the start of the game to be served by the in-home player

GOALS & NETS (1-3 & 1-5) ~ The goals & nets at game sites shall be legal as they are, regardless if they comply with NCAA rules. The NCAA rules as to the color, size and type of pipe shall not apply; however, the home Team should make every effort to comply with the NCAA rules & specifications

LIMIT LINES, SPECTATOR & MEDIA RESTRICTIONS (1-14) ~ Limit lines are not required, however, spectators and media are not allowed behind the end lines or immediately behind the bench or table areas.

PERSONAL EQUIPMENT (1-21) ~ Gloves may vary in color. Baseball shoes (metal / hard plastic cleats) are not permitted.

LENGTH OF GAME (3-1) ~ The regulation playing time of a game shall be 48 minutes, divided into (4) 12 minute periods, JV games are (4) 10 minute periods.

TEAM SIDELINE POLICY ~ The field and all limit lines should be marked in accordance with the NCAA rulebook. All spectators shall be on the opposite side of the field from the team benches. The team box should contain a maximum of 4 coaches in the coaching box in front of the players. 1 equipment manager and 1 team trainer may be on the sidelines behind the players. Only players in uniform may be on the sidelines, non participating players must wear game jerseys. 1 equipment manager and 1 team trainer may be on the team side, but not in the team box.

The score table shall not contain more than 5-people, including 4 from the home Team and 2 from the visitors' team. The home Team is the official scorekeeper, spotter, game timer, and penalty timer at the score table. The visiting team has a scorekeeper and assistant

at the score table. The home Team site administrator has full access to the facility and should have constant communication with the score table.

It is the responsibility of the home Team and home Team site administrator to manage this policy. The home Team and away Team Site Administrator must check in with the score table and officials and wear the site administrator identifying badge. It is at the discretion of the officials to assess any game-time penalties resulting from this policy.

GAME BEHAVIOR PROBLEMS ~ If the game is stopped by officials for improper behavior on the field or in the stands, the officials will ask the on-site administrator or head coach to control or eject the offending fan from the premises. If the fan is not controlled, or does not leave the premises, the game will be stopped and the offending team will lose the game.

If player (s) is ejected, the player must leave the site of the game. The player may not remain on the sideline or in the stands. It is up to the head Coach to comply with these rules or his team will forfeit the game. (The team of the ejected player is responsible for supervising that player when needed.)

If an unsportsmanlike conduct foul occurs at the end of the last game of the THSLL season, as defined in Appendix J, so that the player incurring the foul does not serve penalty time, the penalty will carry over to the Team's next League THSLL season game. If the player has graduated, the in-home shall serve the penalty.

If a player or coach receives 2 unsportsmanlike penalties in a game, the player or coach is automatically ejected from the current game and suspended from the next League game.

A suspended individual cannot be in the team's bench area, anywhere on the sideline or anywhere in the spectator area.

An ejected individual cannot be in the team's bench area, anywhere on the sideline, and must be supervised by the Member Team program.

LEAGUE ACTIONS

Unsportsmanlike conduct penalties:

1. Receives 1 in one game: will be reported to the Coordinator and be subject to a potential reprimand from THSLL after a report is made to the THSLL Board of Directors or its designee.
2. Receives 2 in one game: The coach and Association President/Athletic Director will meet with the Coordinator. The Coordinator will discuss the circumstances with the game officials. The Coach will miss the next scheduled THSLL game (this is defined as a game that was on the THSLL schedule at the time the incident occurred and cannot be subsequently scheduled afterwards).

OFFSIDES ~ any offsides violation will result in the ball being awarded to the offended team in their offensive half of the field. For example, Team A is clearing the ball and passes midfield, when A1 goes offsides. It may take the official a moment or two to conduct a count of Team A's players and while doing so the ball may advance up the field. Once offsides is confirmed, the whistle will blow and the ball will be brought back to the midfield and awarded to Team B on their offensive half of the field.

This will also apply when Team A has possession of the ball in their attack zone when one of their defenders crosses the midfield line (possibly to substitute) resulting in an offside-s situation. The ball will be brought to the midfield and awarded to Team B. The ball will be brought up whether or not Team A had possession.

Avoid being the highest point in an open field, in contact with, or proximity to the highest point, as well as being on the open water. Do not take shelter under or near trees, flagpoles, or light poles. Assume that lightning safe position (crouched on the ground weight on the balls of the feet, feet together, head lowered, and ears covered) for individuals who feel their hair stand on end, skin tingle, or hear "crackling" noises. Do not lie flat on the ground. Observe the following basic first aid procedures in managing victims of a lightning strike:

Activate local EMS, Lightning victims do not "carry a charge" and are safe to touch, If necessary, move the victim with care to a safer location. Evaluate airway, breathing, and circulation, and begin CPR if necessary. Evaluate and treat for hypothermia, shock, fractures, and/or burns.

All individuals have the right to leave an athletic site in order to seek a safe structure if the person feels in danger of impending lightning activity, without fear of repercussions or penalty from anyone.

21.0 Definitions

Safe Shelter:

A safe location is any substantial, frequently inhabited building. The building should have four solid walls (not a dug out), electrical and telephone wiring, as well as plumbing, all of which aid in grounding a structure.

Flash-to-Bang:

To use the flash-to-bang method, begin counting when sighting a lightning flash. Counting is stopped when the associated bang

(thunder) is heard. Divide this count by five to determine the distance to the lightning flash (in miles). For example, a flash-to-bang count of thirty seconds equates to a distance of six miles. Lightning has struck from as far away as 10 miles from the storm center.

The THSLL adopts this policy in full and places the responsibility of implementation upon the Site Administrator for the home Team.

Tournaments:

The tournament organizers shall be the party responsible for the implementation of this Medical Safety Policy thereby relieving the home Team of this responsibility. In tournament play, one Trainer may cover up to two adjacent simultaneous games.

Resource Materials:

When developing the Medical Emergency Plan, the THSLL strongly recommends that each team review the US Lacrosse website section titled "Sports Science & Safety", currently found at: <http://www.lacrosse.org/safety/index.phtml> or http://thsll.org/docs/static/THSLL_Sample_Emergency_Plan.doc

Appendix F - THSLL Coaches Code of Conduct

Objective

All THSLL Coaches are in positions of leadership that present opportunities to leave lasting impressions on their players; therefore it is in the best interest of THSLL that there be a uniform code of conduct that our coaches are required to follow while participating in and/or attending any THSLL sanctioned event and/or game.

The Role of a Coach

- Coaches are entrusted with a great responsibility every time a contest begins. Our professional and moral responsibility is to provide THSLL participants quality coaching and a sense of safety and fair play at every THSLL contest.
- Sensible, organized competition under proper control provides benefits for THSLL participants. Anything other than that only dramatizes coaches and distracts from the focus and purpose of high school athletics.
- All THSLL coaches must keep in mind at all times that they are representing themselves, their Teams, and their Member School Programs. A coach's words and actions come under close scrutiny from students, parents, faculty and the community, and will reflect positively or negatively on the Member School Program.

Structure

There are two documents that outline the expectations of lacrosse coaches. These include:

- 1) NCAA current rulebook or as further modified by the NCAA;
- 2) Current THSLL Rulebook

NCAA Rulebook

Rule 2-4/Game Personnel/Coaches

One of a team's coaches shall be designated the head coach. The head coach shall be responsible for making all decisions for that team not delegated specifically to the team's game captain. Additionally it shall be the head coach's responsibility to see that players and substitutes are properly equipped to play.

The head coach shall act in a courteous manner and shall endeavor in every way to achieve the same from his players. The head coach shall be in control of and responsible for all actions of all non-playing members of his squad, and any and all persons officially connected with his institution.

Coaches shall assist the officials in keeping the game under control. It shall be their duty, upon the request of an official, to control effectively actions of spectators not in conformity with standards of proper conduct.

Only the head coach will communicate with the officials. Officials shall address questions from the head coach during half time. A representative from each team may be present while these questions are discussed. Officials should never entertain any questions until a representative of the other team is given the opportunity to be present.

THSLL Rules:

Please refer to section 11.0 Improper Behavior

THSLL Coaching Expectations

- Coaches are responsible not only for their own actions, but ultimately those of their players. Game officials are expected to inform coaches of their players' actions and the coach must take corrective action. If there are repeated incidences over the course of a game or a series of games, the coach is subject to punishment for not taking corrective action.
- Other types of reportable incidents include, but are not limited to: verbal abuse or other unsportsmanlike behavior by coaches, Member School Program administrators or fans, fans that are removed from facilities for abuse of officials, fights between teams that result in the termination of the contest and physical contact of officials by coaches, Member School Program administrators or fans.

Reporting Procedures

Every THSLL unsportsmanlike conduct penalty, incident, or ejection report shall be in writing and sent to the District Coordinator by the local SWLOA Assignor/Head Official after the particular game. The District Coordinator will forward the report to the appropriate members of the THSLL Board of Directors or its designee, and the respective offending Program President/Athletic Director.

To report the incident, give brief but concise information. The incident report should be brief and concise including date, time, place and individuals involved. Events leading up to the incidents as well as the actual incident and any follow-up actions are essential. This report should be detailed enough to give someone who was not present a clear picture of the incident.

League Actions

The Coach will miss the next scheduled THSLL game defined as a game on the THSLL schedule at the time the incident occurred, and the game cannot be scheduled after the incident.
3. A coach who is ejected from a game may be suspended pending an expedient review by the District Coordinator. The coach may file an appeal with the THSLL Board of Directors.

A coach will receive a reprimand, if he does not control his team. Upon a second notification, a coach may receive a game suspension. Lack of control can include, but is not limited to, a fight, a bench-clearing brawl, or repeated occurrences of excessive penalties. The explanation of such events by the following will be considered by the THSLL Board of Directors or its designee:

1. The game officials;
2. The coach; and
3. His Member School Program President/Athletic Director.

The above in no way limits the ability of the THSLL Board of Directors to act in what it perceives to be in the best interests of the League.

Other Responsibilities

NCAA Rulebook Rule 2-5/Game Personnel/Home Coach's Responsibility

It shall be the responsibility of the home coach to see that the playing field is in proper condition for play; that a time-keeper and scorer are on hand with working equipment required; that balls and ball retrievers (or balls on the end line) are provided; and that the assigning authority has received timely, accurate and adequate information so that officials will be on hand for the game.

When a contest is played at a neutral site, one team must be designated as the home team. This shall be done in writing, before the day of the game. The designated team and its coach assume all the responsibilities of the home team as outlined in the rules.

Appendix I – THSLL Tiebreaker Policy

In the event of a multi-way tie the following process will be used to determine all tie breakers:

1. The tied Teams will be placed in a sub group
2. The highest seeds are determined by District wins against Teams within the sub group.
3. If a tie remains after step (b), Teams will be ranked by Head-to-Head competition within the sub group.
4. In the event of a Three-way tie within any sub group; the selection will also be based on a head-to-head comparison. If all of the Teams have one win over the other Teams in the tie (Team A has defeated Team B, Team B has defeated Team C, and Team C has defeated Team A) then the selection shall be based on the difference in scores between those three games.
5. The winner will receive a plus for each goal above the goals by the other Team, and the loser will receive a minus for each goal below the goals for the other Team. EX: If Team A defeated Team B by the score of 8 to 5, Team A would receive a plus 3 and Team B would receive a minus 3.
6. The difference in goals for the remaining two games (B Vs C and C Vs A) would be likewise calculated, and the Team with the largest plus value would be selected.
7. Should (d) not break the three way tie, there will be a coin flip. All 3 head coaches meet, and coins will be flipped. They flip and odd side out wins. The remaining two go back to step (a).
8. If a tie remains after these steps, the tiebreaker process will be repeated recreating the sub group with the remaining Teams.

Appendix O - THSLL Rules Enforcement Governance Process

As stated in 18.0 Enforcement: The Commissioner shall have authority to assess any penalties for violation of the THSLL rules. Such penalties may be assessed against a Member School Program, Member Team, an individual player(s) or all three, hereinafter referred to as “THSLL Participants”, and may include but shall not be limited to expulsion, suspension, probation and/or forfeiture of games, and may also include the performance of remedial actions such as letters of apology or attendance at training events in lieu of such action by the Commissioner. A THSLL Participant may appeal the penalty to the THSLL Board by written submission, within 30 days of the Commissioner’s decision, to be considered by the THSLL Board at its next regular meeting or at any special meeting called for that purpose by the Commissioner. Upon any such appeal, the THSLL Board may modify or overturn the penalty or remedy instituted by the Commissioner by a majority vote of the THSLL Board.

It is the intention of the THSLL Board to act expeditiously, fairly, and consistently on all violations of THSLL rules through a thorough and consistent governance process with clearly articulated roles and expectations. This governance process, the THSLL Rules Enforcement Governance Process, begins with clear ownership of the fact-finding and investigation into suspected rules violations. The guiding principles for THSLL are the presumption of innocence, that being THSLL Participants are innocent until proven guilty, and taking into consideration what is in the best interests of the THSLL high school lacrosse player(s) involved when making decisions about their health, welfare, and general well-being. These guiding principles are relevant and applicable to this governance process.

The Coordinator for the Division and District in which the suspected rules violation(s) occurred is the owner of the governance process, and will be accountable to the Commissioner and the THSLL Board for all actions towards resolution of the rules violation including the pro-active investigation, proposed penalties, and communication with the involved THSLL Participants before, during, and after the governance process. In the event of a conflict of interest, the Commissioner will ask the Coordinator to recuse him or herself, and will appoint another Coordinator to act as the governance process owner. The THSLL Coordinator, the THSLL Board, and the Commissioner are all THSLL Participants in the governance process.

The Coordinator assigned to the matter will be responsible for all communications and interaction with all involved THSLL Participants relating to the governance process. The suspected rules violation or complaint must be submitted in writing so as to establish a written record, and point of origin, of the complaint or suspected rules violation, and to initiate the governance process. This process step will help to minimize “he said, she said” or gossip and minimize the chance of possible unfounded accusations receiving serious consideration and from having major time and emotional impacts on any and/or all THSLL participants. If the THSLL Board is initiating the governance process, a written record of that fact will be established including the reason(s) for taking such action.

From that point, the assigned Coordinator will determine who is to be contacted, when, and how, and what the course of action is regarding the suspected rules violation. The Coordinator will determine who the involved THSLL Participants should be based on the issue, the perceived severity of the issue, and the circumstances surrounding it as understood at the time the THSLL Board decides to initiate the governance process. If the Coordinator believes the matter is politically sensitive he or she may seek counsel from the THSLL Board on the investigation and the resulting governance process. If the Coordinator determines there is a clear rules violation and no additional investigation or follow up is required the Coordinator may take action as defined in the THSLL Rulebook without initiating the MNDA process.

From the beginning and throughout the governance process, including any assessment of any penalties and beyond, confidentiality is a foundation principle that cannot be compromised by any THSLL Participant involved in the governance process. All THSLL Participants are expected to maintain confidentiality and allow the process to follow its course. An individual when contacted by the Coordinator regarding a suspected rules violation immediately becomes a possible THSLL Participant in the governance process. As a result, the THSLL Participant must agree to sign and be bound by a mutual non-disclosure agreement (MNDA) relating to the matter, if there are to be further discussions with that individual about the matter. If the individual refuses to sign the MNDA, the Coordinator will immediately cease discussions with this individual regarding the matter.

Signing the MNDA means that the individual agrees to become a THSLL Participant in the governance process and is then responsible for keeping the matter confidential and not talking to anyone about it unless instructed to do so in writing by the Coordinator and/or the THSLL Board. This protects the THSLL Participants in the event the matter was to escalate to litigation by any THSLL Participant. Any breach in confidentiality by any THSLL Participant will be dealt with by the THSLL Board swiftly and may include penalties for such actions.

The Coordinator will be the investigator in the governance process and will decide who is to be contacted and when based on the severity and scope of the suspected rules violation, and the extent of the investigation that will occur. The Coordinator will communicate the governance process, the investigation plan, and the timeline to the involved THSLL Participants in writing, as appropriate, and make it clear that no one other than the Coordinator will be investigating the matter and/or making contact with individuals to determine if any inappropriate behavior has occurred. The written agreement provided by the Coordinator to the THSLL Participants will become a part of the MNDA. Any THSLL Participant acting in an investigative capacity outside of the Coordinator and/or discussing the investigation and/or governance process with other THSLL Participants or other individuals outside of the governance process will be subject to penalties for such actions.

The Coordinator will have two weeks to complete the fact-finding and investigation and to report the findings to the THSLL Board along with a recommendation for resolution, including any penalties and/or warnings. In the event circumstances call for an extended investigation, the Coordinator will communicate that in writing to the THSLL Board and to the involved THSLL Participants. In the event the findings do not support any further action, the Coordinator will inform the involved THSLL Participants and the investigation will be closed.

During the governance process it is expected that the Coordinator will interact with Member School Programs, Member Teams, and possibly players and parents, to determine the facts, to investigate the situation, and to come to a conclusion as to what may or may not have occurred. The THSLL Board is sensitive to the fact THSLL Participants may have mixed emotions about what is going on and that during these kinds of matters emotions are high. All governance process contact will be done using the MDNA and the THSLL Board and Coordinator in charge will do their best to minimize the inconvenience and emotions throughout the governance process, however, this is a shared responsibility as everyone involved has a role in managing expectations and emotions in a difficult process.

Once the initial findings are determined, the Coordinator will communicate with the THSLL Board and with the involved THSLL Participants in writing regarding his or her findings. If there is a need for clarification or further investigation based on that initial fact-finding and communication, the Coordinator will determine the appropriate course of action, and establish a plan and timeline.

Once the Coordinator has made a determination that sufficient information is available to make a recommendation to the THSLL Board on the matter, he or she will do so in writing followed by a presentation at a THSLL Board meeting or special meeting. The THSLL Board may ask for additional due diligence or may decide there is enough information to make a ruling. If the ruling is no action, that communication will be passed along to the involved THSLL Participants in writing, the ruling will become a part of the THSLL Board meeting minutes, and the matter will be closed. If the ruling is some form of penalty for a Member School Program, Member School Team, or individual player(s), the THSLL Board will charge the Coordinator with communicating that to the involved THSLL Participants in writing, the ruling will become part of the THSLL Board meeting minutes, and the matter will be closed. If the matter is of such a nature that it should be held in confidence between the THSLL Participants, that will be noted in the THSLL Board meeting minutes, will be communicated to the involved THSLL Participants in writing, will become part of the THSLL Board meeting minutes, and the matter will be closed.

The THSLL Board will determine the appropriate action, and the THSLL Commissioner will carry out those actions with the involved THSLL Participants. In the event the involved THSLL Participants wish to appeal the decision of the THSLL Commissioner, they may do so through the process outlined in the first paragraph of this appendix. It should be noted that the entire governance process is covered by the MNDA, which the THSLL Participants agree to by participating in the THSLL and signing the MNDA.

The Commissioner and the THSLL Board have as their number one priority and goal in this governance process to protect the health, welfare, and general well-being of the involved THSLL high school player(s) through the presumption of innocence, and fair play. Beyond that the Commissioner and THSLL Board will endeavor to treat everyone involved with respect and to minimize the inconvenience associated with the governance process. We would ask that all the involved THSLL Participants endeavor to do the same. If everyone involved, the THSLL Participants, in the governance process agree in advance to do what is in the best interests of the THSLL player(s) involved as THSLL Participants, then the outcomes will be fair and reasonable.
