

The background of the poster features three lacrosse players in action. At the top, a player in a red jersey with 'CLEAR LAKE' on it is on the left, a player in a white jersey with 'M...' and the number '18' is in the center, and a player in a blue jersey with 'TAYLOR' on it is on the right. At the bottom, a player in an orange jersey with 'KLEIN' and the number '18' is on the left, a player in a red jersey is in the center, and a player in a white jersey with 'RANGERS' and the number '11' is on the right. A large blue silhouette of the state of Texas is overlaid on the center of the image.

# Welcome Texas High School Lacrosse Fans

Players, Coaches, Parents and Fans,

Welcome to the 20<sup>th</sup> Annual THSLL Boys Division I and II championships. We appreciate your attendance and trust that you are ready for two wonderful days of lacrosse and sportsmanship at the highest caliber.

I find there are two camps of volunteers in Texas High School Lacrosse League and our partner organization, the Southwest Lacrosse Officials Association – those who love the sport first, and then come to love the kids and those who love the kids first, and then come to love the sport. Either way, we are all here to support, honor, and respect the game, and support, honor and respect the players. We are one family, and I am proud to have been part of this family since 2001 when my son stepped on the field as a high school freshman.

THSLL is comprised of over 70 member teams and provides a home to over 2,500 high school student-athletes. A positive experience in high school lacrosse can provide motivation for success – in lacrosse, the classroom, and life in general; help build self-esteem and confidence; teach teamwork and discipline; promote pride and belonging, and offer an excellent avenue for exercise and recreation.

Sportsmanship!!! Nothing is more important than sportsmanship and character. An honorable team is one that honors the game, respects their opponent, and plays by the rules. All players, coaches, parents, and fans should strive to:

- Win with honor and lose with honor.
- Win with dignity and lose with dignity.
- Win with character and lose with character.
- Win with heart and lose with heart.

Each program and the League will be remembered by its display of character, sportsmanship, and how we treat each other.

I want to congratulate the eight programs that are participating in the 2008 THSLL State Championship weekend.

- Division I: Highland Park DI, The Woodlands, Episcopal School of Dallas, and Austin High
- Division II: Highland Park DII, Cy-Fair, Coppell and Cedar Park

It takes a total program effort to compete at the level required to make it to the state tournament.

And finally, I want to thank Friendswood High School Athletic Director - Steve Van Meter; Lacrosse head coach and Tournament Director - Steve Kirk; the Friendswood Mustang Booster Club, Friendswood Independent School District, and the City of Friendswood for hosting this year's championship weekend. Friendswood has embraced lacrosse, and it shows.

Enjoy the game, enjoy the moment!

Sincerely,

Jay R. Widdig  
THSLL Commissioner

# Brief History of Lacrosse

Lacrosse, considered to be America's first sport, was born of the North American Indian, christened by the French, and adapted and raised by the Canadians. Modern lacrosse has been embraced by athletes and enthusiasts of the United States and the British Commonwealth for over a century.

The sport of lacrosse is a combination of basketball, soccer and hockey. Anyone can play lacrosse--the big or the small. The game requires and rewards coordination and agility, not brawn. Quickness and speed are two highly prized qualities in lacrosse.

An exhilarating sport, lacrosse is fast-paced and full of action. Long sprints up and down the field with abrupt starts and stops, precision passes and dodges are routine in men's and women's lacrosse. Lacrosse is played with a stick, the crosse, which must be mastered by the player to throw, catch and scoop the ball.

Lacrosse is one of the fastest growing team sports in the United States. Youth participation in the sport has grown over 500% since 1999 to nearly 250,000. No sport has grown faster at the high school level over the last 10 years and there are now an estimated 200,000 high school players. Lacrosse is also the fastest-growing sport over the last six years at the NCAA level, and that's just the tip of the iceberg. There are more than 500 college club programs, including nearly 200 women's teams that compete at the US Lacrosse Intercollegiate Associates level.

## Brief History

With a history that spans centuries, lacrosse is the oldest

sport in North America. Rooted in Native American religion, lacrosse was often played to resolve conflicts, heal the sick, and develop strong, virile men. To Native Americans, lacrosse is still referred to as "The Creator's Game."

Ironically, lacrosse also served as a preparation for war. Legend tells of as many as 1,000 players per side, from the same or different tribes, who took turns engaging in a violent contest. Contestants played on a field from one to 15 miles in length, and games sometimes lasted for days. Some tribes used a single pole, tree or rock for a goal, while other tribes had two goalposts through which the ball had to pass. Balls were made out of wood, deerskin, baked clay or stone.

The evolution of the Native American game into modern lacrosse began in 1636 when Jean de Brebeuf, a Jesuit missionary, documented a Huron contest in what is now south-east Ontario, Canada. At that time, some type of lacrosse was played by at least 48 Native American tribes scattered throughout what is now southern Canada and all parts of the United States. French pioneers began playing the game avidly in the 1800s. Canadian dentist W. George Beers standardized the game in 1867 with the adoption of set field dimensions, limits to the number of players per team and other basic rules.

New York University fielded the nation's first college team in 1877, and Philips Academy, Andover (Massachusetts), Philips Exeter Academy (New Hampshire) and the Lawrenceville School (New Jersey) were the nation's first high school teams in 1882. There are 400 college and 1,200 high school men's lacrosse teams from coast to coast.

The first women's lacrosse game was played in 1890 at the St.

Leonard's School in Scotland. Although an attempt was made to start women's lacrosse at Sweet Briar College in Virginia in 1914, it was not until 1926 that Miss Rosabelle Sinclair established the first women's lacrosse team in the United States at the Bryn Mawr School in Baltimore, Maryland.

Men's and women's lacrosse were played under virtually the same rules, with no protective equipment, until the mid-1930s. At that time, men's lacrosse began evolving dramatically, while women's lacrosse continued to remain true to the game's original rules. Men's and women's lacrosse remain derivations of the same game today, but are played under different rules. Women's rules limit stick contact, prohibit body contact and, therefore, require little protective equipment. Men's lacrosse rules allow some degree of stick and body contact, although violence is neither condoned nor allowed.

Field lacrosse is sometimes perceived to be a violent and dangerous game, however, injury statistics prove otherwise. While serious injuries can and do occur in lacrosse, the game has evolved with an emphasis on safety, and the rate of injury is comparatively low. Ensuring the safety of participants is a major focus for US Lacrosse and its Sports Science and Safety Committee, which researches injury data in the sport and makes recommendations to make the game as safe as practicable.

# Sportsmanship Guidelines

Any person acting in an unacceptable manner faces removal from the contest. Remember - it is a privilege to watch these young men compete and it should be an honor to support their efforts. Let's remember that the actions we take speak louder and last longer than anything we say. At the end of the day, what kind of fan will you be and what kind of message will you send to the players, coaches, other fans, and the officials?

## Acceptable Behavior

- \* Know the rules and strategies of the contest in order to cheer at proper times.
- \* Maintain enthusiasm and composure, serving as a role model.
- \* Participate positively in the event or contest by supporting the coaches and participants.
- \* Exercise good judgment in cheering for outstanding performance, not against opponents or to ridicule an error. It is certainly acceptable to applaud all participants at the end of the contest.
- \* Be an exemplary role model by positively supporting teams in every manner possible including content of cheers and signs.
- \* Show respect and concern for an injured player - regardless of team.
- \* Respect decisions made by contest officials.
- \* Realize that a ticket represents a privilege and a responsibility to observe and positively support a high school activity, not a license to verbally assault others or to be generally obnoxious.
- \* Respect fans, coaches, and participants.
- \* Encourage surrounding fans to display only sportsmanlike conduct.
- \* Resist being drawn into negative conduct by other fans -- including opposing fans.

## Unacceptable Behavior

- \* Disrespectful or derogatory yells, songs, or gestures.
- \* Booing or heckling an official's decision, criticizing officials in any manner, displays of temper with an official's call.
- \* Yells that antagonize opponents.
- \* Blaming loss on officials, coaches, or participants.
- \* Doing own yells instead of following lead of cheerleaders.
- \* Yelling at or criticizing coaches or participants of either team.
- \* Attempting to coach from the bleachers or sidelines -- giving specific instructions to any participant.
- \* Destruction of property, signs or equipment.
- \* Running onto the floor or field of play before, during, or after the contest.
- \* Engaging an opposing fan in a dispute or argument.
- \* Use of profane, vulgar, or abusive language.

## NCAA RULE 2, SECTION 4

- \* The head coach also shall be in control of and be responsible for the actions of any and all persons officially connected with his or her institution.
- \* Coaches shall assist the officials in keeping the game under control. It shall be their duty, upon the request of an official, to control effectively actions of spectators not in conformity with standards of proper conduct.

## Basics of the Game

Boy's lacrosse is a contact game played by ten players: a goalie, three defensemen, three midfielders and three attackmen. The object of the game is to shoot the ball into the opponent's goal. The team scoring the most goals wins.

Each team must keep at least four players, including the goalie, in its defensive half of the field and three in its offensive half. Three players (midfielders) may roam the entire field.

High School games are 48 minutes long, with 12-minute quarters. 7<sup>th</sup> and 8<sup>th</sup> grade games are played with four 10-minute quarters. '7<sup>th</sup> grade only' and the 6<sup>th</sup> grade and lower games are played with four 8-minute quarters. Each team is given a two-minute break between the first and second quarters, and the third and fourth quarters. Halftime is ten minutes long.

Teams change sides between periods. Each team is permitted two timeouts each half. The team winning the coin toss chooses the end of the field it wants to defend first.

The players take their positions on the field: four in the defensive clearing area, one at the center, two in the wing areas and three in their attack goal area.

Lacrosse begins with a face-off. The ball is placed between the sticks of two squatting players at the center of the field. The official blows the whistle to begin play. Each face-off player tries to control the ball. The players in the wing areas can run after the ball when the whistle sounds. The other players must wait until one player has gained possession of the ball, or the ball has crossed a goal area line, before they can release.

## Lacrosse Skills

**Catching:** The act of receiving a passed ball with the crosse.

**Checking:** The act of attempting to dislodge the ball from an opponent's stick.

**Poke Check:** A stick check in which the player pokes the head of his stick at an opponent's stick through the top hand by pushing with the bottom hand.

**Slap Check:** A stick check in which a player slaps the head of his stick against his opponent's stick.

**Cradling:** The coordinated motion of the arms and wrists that keeps the ball secure in the pocket and ready to be passed or shot when running.

**Cutting:** A movement by an offensive player without the ball, toward the opponent's goal, in anticipation of a feed and shot.

**Feeding:** Passing the ball to a teammate who is in position for a shot on goal.

**Roll Dodge:** An offensive move in which a ballcarrier, using his body as a shield between a defensive player and the cradled ball, spins around the defender.

**Passing:** The act of throwing the ball to a teammate with the crosse.

**Scooping:** The act of picking up a loose ball with the crosse.

**Screening:** An offensive tactic in which a player near the crease positions himself so as to block the goalkeeper's view of the ball.

**Shooting:** The act of throwing the ball with the crosse toward the goal in an attempt to score.

**Slide:** When an offensive player without possession of the ball positions himself in front of the opposing goal crease in an effort to block the goalkeeper's view.

**Zone Defense:** When defenders play in specific areas of their defensive zone, rather than covering man-to-man.

## Lacrosse Player Positions

**Attack:** The attackman's responsibility is to score goals. The attackman generally restricts his play to the offensive end of the field. A good attackman demonstrates excellent stick work with both hands and has quick feet to maneuver around the goal. Each team should have three attackmen on the field during play.

**Midfield:** The midfielder's responsibility is to cover the entire field, playing both offense and defense. The midfielder is a key to the transition game, and is often called upon to clear the ball from defense to offense. A good midfielder demonstrates good stick work including throwing, catching and scooping. Speed and stamina are essential. Each team should have three midfielders on the field.

**Defense:** The defenseman's responsibility is to defend the goal. The defenseman generally restricts his play to the defensive end of the field. A good defenseman should be able to react quickly in game situations. Agility and aggressiveness are necessary, but great stick work is not essential to be effective. Each team should have three defensemen on the field.

**Goal:** The goalie's responsibility is to protect the goal and stop the opposing team from scoring. A good goalie also leads the defense by reading the situation and directing the defensemen to react. A good goalie should have excellent hand/eye coordination and a strong voice. Quickness, agility, confidence and the ability to concentrate are also essential. Each team has one goalie in the goal during play.

## Lacrosse Fouls/Penalties

There are personal fouls and technical fouls in boy's lacrosse. The penalty for a personal foul results in a one to three minute suspension from play and possession to the team that was fouled. Players with five personal fouls are ejected from the game.

## Glossary of Terms

**Attack Goal Area:** The area defined by a line drawn sideline-to-sideline 20 yards from the face of the goal. Once the offensive team crosses the midfield line, it has ten seconds to move the ball into its attack goal area.

**Body Check:** Contact with an opponent from the front - between the shoulders and waist - when the opponent has the ball or is within five yards of a loose ball.

**Box:** An area used to hold players who have been served with penalties, and through which substitutions "on the fly" are permitted directly from the sideline onto the field.

**Check-up:** A call given by the goalie to tell each defender to find his man and call out his number.

**Clamp:** A face-off maneuver executed by quickly pushing the back of the stick on top of the ball.

**Clearing:** Running or passing the ball from the defensive half of the field to the attack goal area.

**Crease:** A circle around the goal with a radius of nine feet into which only defensive players may enter.

**Defensive Clearing Area:** The area defined by a line drawn sideline-to-sideline 20 yards from the face of the goal. Once the defensive team gains possession of the ball in this area, it has ten seconds to move the ball across the midfield line.

**Extra man Offense (EMO):** A man advantage that results from a time-serving penalty.

**Face-Off:** A technique used to put the ball in play at the start of each quarter, or after a goal is scored. The players squat down and the ball is placed between their crosses.

**Fast Break:** A transition scoring opportunity in which the offense has at least a one-man advantage.

**Foul/Penalty:** an action, which is not allowed in boy's lacrosse and results in a player serving time, much like hockey.

**Ground Ball:** A loose ball on the playing field.

# Personal Fouls

*Generally a 1 minute penalty*

**Slashing:** Occurs when a player's stick viciously contacts an opponent in any area other than the stick or gloved hand on the stick.

**Tripping:** Occurs when a player obstructs his opponent at or below the waist with the crosse, hands, arms, feet or legs.

**Cross Checking:** Occurs when a player uses the handle of his crosse between his hands to make contact with an opponent.

**Unsportsmanlike Conduct:** Occurs when any player or coach commits an act which is considered unsportsmanlike by an official, including taunting, arguing, or obscene language or gestures.

**Unnecessary Roughness:** Occurs when a player strikes an opponent with his stick or body using excessive or violent force.

**Illegal Crosse:** Occurs when a player uses a crosse that does not conform to required specifications. A crosse may be found illegal if the pocket is too deep or if any other part of the crosse was altered to gain an advantage.

**Illegal Body Checking:** Occurs when any of the following actions takes place:

- a. body checking an opponent who is not in possession of the ball or within five yards of a loose ball.
- b. avoidable body check of an opponent after he has passed or shot the ball.
- c. body checking an opponent from the rear or at or below the waist.
- d. body checking an opponent above the shoulders. A body check must be below the shoulders and above the waist, and both hands of the player applying the body check must remain in contact with his crosse.

**Illegal Gloves:** Occurs when a player uses gloves that do not conform to required specifications. A glove will be found illegal if the fingers and palms are cut out of the gloves, or if the glove has been altered in a way that compromises its protective features.

# Technical Fouls

*Generally a 30 second penalty*

**Holding:** Occurs when a player impedes the movement of an opponent or an opponent's crosse.

**Interference:** Occurs when a player interferes in any manner with the free movement of an opponent, except when that opponent has possession of the ball, the ball is in flight and within five yards of the player, or both players are within five yards of a loose ball.

**Offsides:** Occurs when a team does not have at least four players on its defensive side of the midfield line or at least three players on its offensive side of the midfield line.

**Pushing:** Occurs when a player thrusts or shoves a player from behind.

**Screening:** Occurs when an offensive player moves into and makes contact with a defensive player with the purpose of blocking him from the man he is defending.

**Stalling:** Occurs when a team intentionally holds the ball, without conducting normal offensive play, with the intent of running time off the clock.

**Warding:** Occurs when a player in possession of the ball uses his free hand or arm to hold, push or control the direction of an opponent's stick check.

**Assistant Coaches:**  
 Joe Siedlecki, Streeter Berry,  
 Will Manning  
**Team President/AD:** Liz Watson

"I truly feel that this team is the best 'team' that we have had at Austin High. The players have overcome numerous obstacles this season including a rash of injuries that left players playing out of position and shorthanded for about two months. I couldn't be more proud of this team's effort and their drive to play for each other."

~ Head coach Andy Garrigan ~

## Austin High Maroons Division I

**Head Coach:**

Dave Seale

**Assistant Coaches:**

Bob Earl, Ed Hale,  
Barrett Ballay,  
Andrew Ballay

**Team President/AD:**

Scott Hirvela  
Mark Schmid

"We have many people to thank for our success this season. Our varsity coaching staff, Ed Hale and Bob Earl, have spent countless hours working with our players. The JV coaching staff of Barrett and Andrew Ballay have done a great job of preparing our young players for varsity play. Our junior high coaches Keith Tintle and Al Christopher have instilled the basic fundamentals that have been the cornerstone of our success. Many thanks to our Board, parent volunteers, families, friends and alumni who have supported us throughout this season and for many years. This was truly a breakout season for The Woodland lacrosse, led by a talented group of seniors, who were determined to establish a new standard for years to come."

~ Head coach Dave Seale ~

# Cy-Fair Ironmen Division II

**Head Coach:**

Russ Bolling

**Assistant Coaches:**

Gary Dennington, Tim Young,

Lee Shore, Joe Richardson,

Mark Wilson, Delano Carnerio

**Team President/AD:**

John Lucas (President)

Mark Wilson (Program Director)

"Coppell High School boys Lacrosse program began the 2008 season with an urgent need to rebuild its varsity team, having lost key players at defense and midfield positions. Fortunately, a core group of Freshmen players stepped up and accentuated an established attack along with upperclassmen leadership. Going into the playoffs, Coppell's varsity finished a successful regular season with a 10-2 record with losses only to D-I teams."

~ Head coach Russ Bolling ~

*Supporting the Lacrosse State Championship*

Dr. Randy Ellis is a graduate of Pearland High School and attended Notre Dame on a football scholarship. He then attended the University of Texas Health Science Center at Houston Dental Branch (UTHSC) where he earned his dental degree in 1987. In 1989 he received a certificate in pediatric dentistry from UTHSC.

He received a Certificate of Orthodontics and a Master of Science degree in 1998. Upon receiving his orthodontic degree, Dr. Ellis became one of a very few dually trained specialists in the country combining an expertise in orthodontics as well as in pediatric dentistry.

Dr. Ellis now serves as a faculty member at the UTHSC in the Department of Orthodontics. He also serves as the orthodontist on the University of Texas Cleft Palate Team at Houston.
